

Noble Fir

Customer who seeks for the traditional Christmas tree will go for Noble Fir. With a beautiful, almost spruce like appearance, it has soft blue-green needles on evenly spaced strong branches which are perfect for large and heavy ornaments.

Fraser Fir

Customer who prefers a conical-shape tree but stronger needles should consider the Fraser Fir. The evenly pyramid shape, silvery needles and the full fragrance had made it one of the most popular tree.

Douglas Fir

Customer who goes for the dense bushy shape and don't mind a few needles on the floor will stick with Douglas Fir. Its full and conical shape are widely preferred. It has a distinctive pine-like scent and the fragrance seems to last through the entire Christmas.

Free Care Kit

Contains a bag of tree life nutrient, disposal bag, and a reminder for watering your Christmas tree.

Beware: Falling leaves is a normal appearance of real Christmas Tree.
